- OC management have ongoing conversations with CropLife on a variety of issues including those reiterated in Ray McCallister's recent letter on the GLP program. OC has a long history of actively engaging with CropLife in response to questions/concerns brought to our attention. On July 23, OC briefed Susan on the GLP program and reaffirmed OECA's commitment supporting the core mission of the domestic inspection program.

Liz,

I putting together an extremely brief summary of the incoming Croplife letters and any responses we sent. Royan is doing a brief summary of the May meeting on the FIFRA enforcement response policy, but since they have made requests related to the GLP wanted to check with you.
